90's Rockshow

Journey back to the 90's

About

A real string section adds another dimension to the grunge, alternative rock, and pop-punk of 90's Rockshow. The Los Angeles band revisits the ’90s through music associated with Nirvana, Pearl Jam, No Doubt, and Green Day. The program also reaches toward Radiohead, Oasis, and Goo Goo Dolls, bringing different corners of the decade together. The flannel-era nostalgia is the setting; the combination of a tribute band and live strings is the distinctive sound.
