ALT2K

ALT2K – The Ultimate 90s/2K Rock Revival with Powerhouse Vocals and High-Energy Hits!

About

Two lineup options give ALT2K different ways to bring back alternative rock: a five-piece band with a male lead singer, or seven performers with keyboards and male and female lead vocals. Based in San Diego, the act covers the ’90s and 2000s through Nirvana, Foo Fighters, No Doubt, Paramore, and more. Smells Like Teen Spirit, Hella Good, and Misery Business show the range. The expanded lineup adds vocal contrast and keyboard textures to a program offered for concert series, festivals, and amphitheaters.
