Boy Band Review

Boy Band Review - Bringing harmonies, videos, dancing, and energy

About

Choreography, harmonies, lights, and video bring the boy-band era back into view with Boy Band Review. Based in Chicago, the production draws on the '90s experience of coordinated moves and pop frontmen. Its performance history includes private engagements, events across the country, and a residency at Planet Hollywood Casino in Las Vegas. The appeal is in the combination: a vocal show with the visual production and dance routines that go with the music.
