

Crystal Ballers

A high-energy tribute to the alt rock of the '90s and 2000s.

About

Crystal Ballers is a San Francisco Bay Area tribute to the alternative rock of the '90s and 2000s, bringing one of rock's most defining eras back to the stage.

The band stays focused on the music that defined the alternative-rock explosion—from Nirvana, Rage Against the Machine, and Alice in Chains to Stone Temple Pilots, Radiohead, Weezer, 311, Green Day, and more. It's a set packed with huge songs people know, love and want to sing along to.

But Crystal Ballers is more than a trip through the playlist. The band combines strong musicianship and an authentic sound with a high-energy, interactive live show that brings the audience into the fun. We take the music seriously without taking ourselves too seriously.

Based in the San Francisco Bay Area, Crystal Ballers performs throughout Northern California and is available for clubs, festivals, casinos, corporate and private events, and destination performances.
